WHO RULES THE ROOST?

GOOD OL'

FRAIED CHICKEN

We are one of the largest feed mills in Punjab, which happily Breeds over 10 million chickens every year on over 100 farms. Through our feeding and breeding processes, we run rigorous quality checks to ensure that our chickens are fed well and with the best available quality of raw materials. Being a minimal-touch automated processing plant Rai Poultries is also one of the leading & oldest integrated broilers, bringing the most hygienically bred, cut and packaged chicken to you!

OUR FARM YOUR FORK

What came first?

The Chicken or the egg?

For us, it's Chicken first!

Rai Chicken is a Subsidiary of Rai Poultries, one of the oldest vertically integrated poultry producers of North India. Rai Poultries charted its growth plan with diversification into poultry activities which include Breeding Stock (P.S.) Operations, Hatcheries, Feed Milling, Broiler Contract Farming, Company-owned Outlet, Poultry Processing, and Retail Marketing. Rai Chicken provides a wide range of fresh and frozen chicken as well as a variety of value-added products which include Raw Chicken, Processed Chicken, Fried Products, Marinated Chicken, and Cold Cuts.

WE **KNOW** OUR CHICKEN BECAUSE
WE **GROW** OUR CHICKEN

RAW CHICKEN

Whole Chicken With Skin

Clean and Dressed Whole Chicken with skin intact. Feathers and non-edible internal organs are removed. It is preferred for Roasting and Baking.

Whole Chicken Without Skin

Clean and Dressed Whole Chicken without skin. Skin, feathers, and non-edible internal organs are removed. It is preferred for Roasting and baking and can be cut into pieces for other recipes.

Curry Cut Chicken

Clean and Dressed Whole Chicken without skin cut into 14 to 16 Pieces. Skin, feathers and non-edible internal organs removed. It is preferred for curry, Biryani and other recipes.

RAW CHICKEN

Premium Cut of Leg & Chest

Clean and Dressed Leg and Chest Pieces of Chicken without skin. Skin, feathers, and non-edible internal organs are removed. It is preferred for curries, biryanis, and other recipes.

Chicken Drumsticks

Leg pieces of raw chicken without skin generally known as “Tangri”. It is preferred for Roasting, grilling, curries, and other recipes.

Chicken Wings

Wing pieces of raw chicken with skin. It's a three-joint wing of chicken including a drumette, middle (flat), and tip in one piece. It is preferred for Roasting, grilling, and curry recipes.

RAW CHICKEN

Chicken Breast Boneless

Clean Boneless Breast pieces of raw chicken without skin and also known as “chest”. It is preferred for Tikkas, grilling, and roasting.

Chicken Thigh Boneless

Clean Boneless Thigh pieces of raw chicken without skin. It is preferred for Tikkas, grilling, and roasting.

Whole Leg Without Skin

Leg pieces of Raw chicken without skin but with bone. It is a complete leg including drumstick and thigh in a single piece. It is preferred for roasting, baking, curries, and other recipes.
